

**KURSAAL**  
BERN

## **KURSAAL PACKAGES**

Whether meeting, seminar, lunch or dinner: we have the perfect offer for your event. The breathtaking panorama with a view of Bern's old town and the Alps is included.

## WE STAND FOR

### ALL-ROUND SAFETY

Protection and safety for guests and staff are important to us. Our employees are trained in our safety and hygiene concept, which complies with all legal requirements. We are part of the „Clean & Safe“ campaign, which is supported by Switzerland Tourism. We disinfect and air our rooms regularly. We disinfect neuralgic points such as elevator buttons, handrails and doorknobs several times a day.

### SUSTAINABILITY

Sometimes it's small things, but all in all we can and want to make a difference. Our own honey from bee colonies on the Kursaal terrace, food waste boxes in catering, heat recovery, modern and energy-saving technology throughout the building and several charging stations for e-cars: sustainability and ecological commitment are a high priority for us. That is why we are a founding member of the „Climate Platform of the City of Bern“, which has been working to reduce CO<sub>2</sub> emissions since 2006.

### REGIONAL CUISINE

We buy regionally and seasonally and value considerate and thus healthy preparation of the food. We mainly work with suppliers from the region. We put together menus and buffets for every occasion, including vegetarian and vegan options. We fight against food waste. The results flow into the planning of further events. This way, we only ever cook as much as is needed. At our banquets, we also offer free and uncomplicated food waste boxes.
